3. [] LIAISON Met with Jim Smith, Senate Armed Services Subcommittee on Intelligence staff, and discussed in general terms those matters which Smith felt the Subcommittee would be interested in and how the Agency can best provide support. We talked about arranging a general orientation briefing on the role of the Agency for Chairman Harry F. Byrd (Indep., Va.), a visit to [] as well as setting up periodic worldwide briefings. Smith said he would discuss this further with the Chairman and will get back to me. I assured him that we would make every effort to provide briefings on short notice on any matters of interest to the Chairman.

This course of action was cleared with [] on Admiral Turner's staff, beforehand.

16. [] LEGISLATION Called Mr. Franz Opper, on the staff of the House Interstate and Foreign Commerce Subcommittee on Consumer Protection and Finance, to find out if the Subcommittee had marked up and reported out H. R. 3815 (the counterpart to S. 305) as scheduled today. Mr. Opper said the bill was reported out but that it did not contain the first sections of S. 305 with which we were concerned regarding corporate reporting requirements. Mr. Opper also said the full Committee may consider these provisions or their inclusion might be put off until conference action on the bill. He said he had our paper on our amendment and had briefed Representative Bob Eckhardt (D., Tex.), Chairman of the Subcommittee, on our concern in case the matter came up.

17. [] LIAISON Received a call from Mr. Johnson, office of Senator Frank Church (D., Idaho), requesting an unclassified published account of Intelligence Community structural changes which have taken place. I informed Johnson that no such publication exists as intelligence reorganization is still in process. I orally discussed current programs addressing reorganization, and Johnson was satisfied.

18. [] LIAISON Received a call from Louise Yates, office of Representative George Danielson (D., Calif.), requesting, on behalf of a constituent, a copy of a study on behavioral modification based on tests at a California prison. After checking with [] DDS&T, I was informed that a study prepared by an outside doctor is available and is unclassified. I so informed Ms. Yates and suggested that when the study is forwarded to the constituent the Congressman note in his letter that it was not prepared by the CIA, but rather, by a private party with a private industry grant. Ms. Yates agreed.

20. [] LIAISON Telephoned Michael J. Hershman, Deputy Staff Chief of the Subcommittee on International Organizations, House International Relations Committee, to advise him that I had succeeded in acquiring interim security clearances through Top Secret for himself and Robert Boettcher, Staff Chief of the Subcommittee. Hershman expressed his appreciation and apologized for some of the comments he had made on 11 May 1977. I told him that an apology was not necessary, but since we were only beginning a relationship which would last at least for several months, that it was important that there should be some tolerance and room for give and take on both sides. Hershman agreed and we let the matter rest.

Since the Office of Security had agreed to an interim security clearance for Hershman and Boettcher, the purpose of the telephone call was to reach an arrangement agreeable to both sides to permit Hershman and Boettcher to contact []

25X1

[] I agreed to consult with appropriate personnel at Headquarters and to get back to Hershman as soon as feasible.
